

CORPORATE PROFILE

ABOUT ALUMALCO

Strong with over 50 years of experience, we are the leading experts in design, production, and installation of architectural aluminum systems. Our completely state-of-the-art fabrication process allows for oversized bespoke designs that combine quality and style.

OUR MISSION

Your vision is our mission. We aim to offer customized innovative aluminum systems that will greatly improve your home and your quality of life.

OUR VISION

At Alumatco, we want to provide solutions for the future. Our purpose as industry leaders is to continue developing innovative aluminum solutions that respect the environment. We have implemented sustainable practices throughout our fabrication process because we strongly believe in the importance of a greener world.

OUR VALUES

1 TRANSPARENCY & INTEGRITY

From fabrication to installation, the Alupalco team believes in the importance of integrity. Our track record has proven that transparency is the best way to conduct business within our organization, as well as with our customers.

2 TEAMWORK & COLLABORATION

We thrive when we collaborate. Our success is directly related to our incredible team spirit. Every Alupalco team member plays an active and invaluable role within the organization.

3 PASSION & DEDICATION

We live and breathe windows & doors. Turning your vision into reality is the driving force behind our passion. It's what pushes us to create highly functional, unique and premium quality aluminum solutions for your home.

4 INNOVATION & SUSTAINABILITY

We stay ahead of the curve because of our global mindset. We are pioneering the industry with our innovative processes and state-of-the-art engineering technologies. Our commitment to sustainable products and practices leads the way in our industry.

OUR PRODUCTS

From inception to installation, we only have one goal in mind:

“ENHANCE YOUR QUALITY OF LIFE AT HOME BY PROVIDING EXCEPTIONAL ALUMINUM SOLUTIONS.”

- Sliding windows and door systems
- Bifolding door systems
- Entrance doors
- Curtain wall & facade systems
- Customized fenestration systems

CUSTOMER CARE

From inception to installation

SUPPORT

At Alumatco, we pride ourselves on the close relationships we build with our clients. We work with you throughout the entire process so that things are up to your standards every step of the way.

When it comes to special design requirements, we are a solution oriented company. We excel at providing the technical support needed for unique, innovative projects. We have the tools and expertise to optimize time and costs.

For larger scale construction projects, our support team will work hand in hand with your architects, engineers and project managers. We offer comprehensive technical and engineering assistance to turn your vision into reality.

QUALITY ASSURANCE

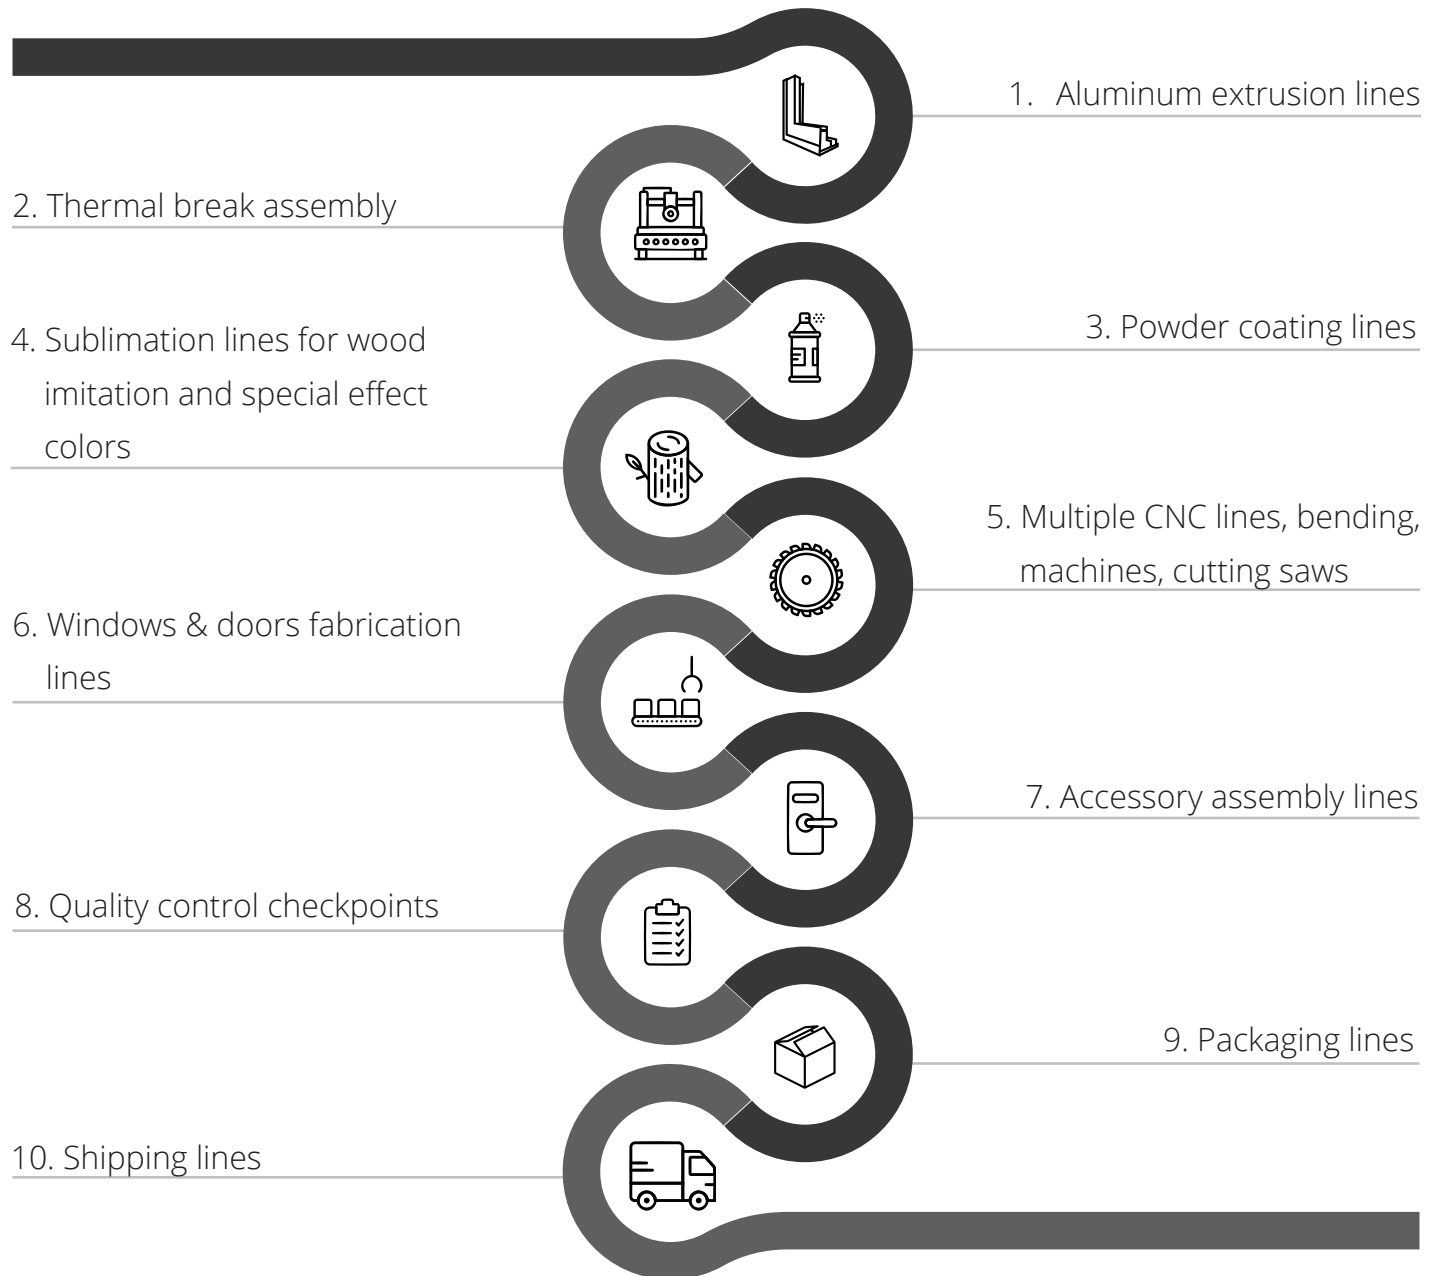

We take quality very seriously. Our products are tested for strength and safety and hold up to North American and European standards. We also hold an Energy Star® rating certifying that our products are highly energy efficient.

We are dedicated to offering innovative solutions that will simplify your home life. Our products are the cutting edge of technology, and we pride ourselves on having a qualified team of installation specialists.

HIGH VERTICAL INTEGRATION

From the foundry to our door, we have control over many processes. This allows us to streamline our operations, leaving you with a higher quality product that is cost-effective and easily customizable.

RESEARCH & DEVELOPMENT

At Alupalco, we believe that research and development is the best way to continue leading this industry. By maintaining local and global partnerships, we are able to develop premium products that are avant-garde and unique on the market.

OUR RESEARCH TEAM

Our team of specialists is highly experienced in the windows and doors industry. Alupalco engineers are continually looking for technological advancements that would allow us to perfect our product lines and make your home safer.

CERTIFICATIONS

All of our products are tested and certified for North American and European standards (CAN/CSA, NAFS, AAMA, WDMA, A440-00). They undergo a series of quality control checks before and after installation. We also hold an Energy Star® rating that certifies that our products are among the most energy efficient on the Canadian market.

NATIONWIDE DISTRIBUTION

Our competitive edge stems from our extensive nationwide distribution network.

It allows us to optimize our order fulfillment and logistics.
The strong relationships we built with our partners means that you get a
hassle-free experience.

THE HUMAN ELEMENT

We know that the reason for Alimalco's success is our team's commitment to quality.

We all share the same passion for innovation, and we regularly conduct group trainings to make sure our products and services continue to be perfected.

ENVIRONMENTAL COMMITMENT

At Alumaico, we are committed to using sustainable practices throughout our fabrication process. We know we MUST include concrete measures to achieve our goal of a greener world.

CONCRETE MEASURES & TARGETS:

- Regular environmental inspections
- Implementing energy saving measures
- Extensive group training in sustainable practices
- Waste minimization
- Strong recycling strategies
- Partnering strictly with environmentally conscious suppliers
